Dear Arnold,

Hello! My name is Stewart. I am eleven years old. I live in San Francisco in the Southwest of the U.S.A. It is winter now and the temperature is 10°. It is cool here. My friends and I play baseball. It is my favourite sport. My favourite animals are dogs. I have two brown dogs at home. I like playing computer games. Sometimes I play cards with my father. I also like riding my bike. My favourite food is burgers and chips. There are four people in my family. We can all understand Italian because my mother is from Italy; but we speak English most of the time.

Please write to me about you and your home.

Best wishes

From Stewart
